Today, the Southwest Border Sheriffs Coalition and the Texas Border Sheriffs Coalition endorse the Bipartisan Border Solutions Bill.

We've worked with Senator Cornyn and Senator Sinema on keeping our southern border safe, and they have both been reliable advocates for border communities and the sheriffs that protect them. Their Bipartisan Border Solutions Act does something no one else has: it brings together solutions from both parties to address our current border crisis now.

Thank you to Senator Cornyn, Senator Sinema, and Representatives Cuellar and Gonzales in the House, for accommodating law enforcement with resources to combat this crisis.

You have our full support.
